TERNIENERGIA: acquired full ownership of a photovoltaic plant in Umbria for a total capacity of 1 MWp

Terni, July 5th 2012

TerniEnergia, a company active in the renewable energy sector and listed on Star segment of Borsa Italiana, as part of its growth strategy in the power generation business, has completed the acquisition of all the shares in Joint Venture "DT" located in Nera Montoro (TR), which previously held 50%.

Through this acquisition, it becomes fully available to the Company an industrial-size photovoltaic system in Umbria, for a total installed capacity of approximately 1 MWp, already put into operation with the feed-in tariff of "Secondo Conto Energia".

The total transaction is valued at Euro 0.5 million, funded entirely by cash.

Therefore, the total capacity of TerniEnergia's PV plants for power generation activity becomes of 61.1 MWp in JV and 8.4 MWp in Full Equity.

This Press-Release is also available on the Company website www.ternienergia.com and on www.irtop.com.

TerniEnergia, a company incorporated in September of 2005 and part of Terni Research Group, operates in renewable energy sector and is active in the photovoltaic field. TerniEnergia operates as system integrator, with a turn-key offer of industrial sized photovoltaic plants, on behalf of third parties and on its own mainly through joint venture companies with EDF EN Italia S.p.A. and other leading national players. The Company intends to strengthen its sale activity of energy produced from solar source. TerniEnergia, through its controlled company Lucos Alternative Energies, operates in the development of energy efficient plants both through EPC scheme and FTT scheme (Financing Through Third Parties), pursuing the objectives of increasing energy production from renewable sources, of energy saving and reduction of emissions as set forth by environmental European policy. TerniEnergia is listed on STAR segment of Borsa Italiana S.p.A.
