Terni, September 9, 2015

TERNIENERGIA: integration of the press release issued on Aug. 7, 2015

Terni, September 9, 2015

The Board of Directors of TerniEnergia, smart energy company active in the fields of renewable energy, energy efficiency, waste and energy management, listed on the Star segment of the Italian Stock Exchange and part of Italeaf Group, in addition to what is stated in the press release issued on 7 August 2015 and in accordance with Art. 6.6.P.5 of the “Codice di Autodisciplina”, reports that have not been recognized allowances and/or other benefits to the Vice Chairman and Board of Directors member of the Company, Umberto Paparelli, upon his resignation and termination of office.

This press release is also available on the Company's website: www.ternienergia.com.

TerniEnergia, a company incorporated in September of 2005 and part of Italeaf Group, is the first Italian smart energy company and operates in renewable energy, energy efficiency, energy and waste management. TerniEnergia operates as system integrator, with a turn-key offer of industrial sized photovoltaic plants, on behalf of third parties and on its own, for the Power Generation business, also through joint venture companies with leading national players. TerniEnergia operates in the waste management sector, recovery of the material and energy, development and production of technologies. In particular, the Company is active in the recovery of tires out of use, in the treatment of biodegradable waste through the implementation of biodigesters, management of plant for the biological depuration; decommissioning of industrial plants, recovery of demolition metals and cleaning of industrial sites; development and production of technological apparatus.

Through Free Energia, the Group is active in the energy management, energy sales to energy intensive customers, software and services for energy management, administrative, financial and credit management. Through New Gas Trade, the Group is also active on the natural gas and liquefied natural gas (LNG) market, offering a range of services and activities in order to develop Client's business and achieve a competitive advantage providing the best market conditions and creating a high added value.

TerniEnergia operates in the development of energy efficient plants both through EPC scheme and FTT scheme (Financing Through Third Parties), pursuing the objectives of increasing energy production from renewable sources, of energy saving and reduction of emissions as set forth by environmental European policy.

TerniEnergia is listed on STAR segment of Borsa Italiana S.p.A..
