

PRESS RELEASE
Terni, March 12, 2018

**TERNIENERGIA: re-entered into possession of all the shares of the JVs
Energia Alternativa and Solter and of the 50% of the JV Sol Tarenti**

TerniEnergia, a company listed on the Star segment of the Italian Stock Exchange and part of the Italeaf Group, announces that it has today returned into its possession of 100% of the share capital of the Joint Ventures Energia Alternativa and Solter and of the 50% of the JV Sol Tarenti, owners of photovoltaic plants in Italy for a total of approximately 21 MW.

In particular, following the fulfilment of the termination conditions relative to the lack of consent to the sale by the leasing companies, TerniEnergia re-entered into possession, at the same value of the disposal, of the following stakes:

- 50% of the shareholdings in Energia Alternativa Srl (value of approximately Euro 6.1 million) and Solter Srl (approximately Euro 1.3 million), owners respectively of 12 photovoltaic plants with a total installed power of approximately 13.9 MW and 4 photovoltaic plants with a total installed power of approximately 3.8 MW, from L&T City Real Estate Ltd;
- 45% of the shareholdings in Sol Tarenti Srl (approximately Euro 1.5 million), owner of 4 photovoltaic plants with a total installed power of approximately 3.3 MW, from Ranalli Immobiliare Srl.

It should be noted that the return of the above shares in the Group's full availability represents a favourable condition for the potential sale of the assets owned by the above mentioned companies.

This press release is also available on the Company's website: www.ternienergia.com.

TERNIENERGIA (TER. MI), established in September 2005 and part of the Italeaf Group, is the first Italian global technological enabler, committed to bringing energy solutions and efficient recovery of integrated and sustainable resources to the world. Organized into two strategic business lines (Assets and Smart solutions and services), with about 400 employees and a geographical presence worldwide, with operative and commercial offices, TerniEnergia develops innovative solutions, products and services based on digital and industrial technologies for the energy supply chain, grids, smart mobility, industrial automation and the recovery of marginal resources.

TerniEnergia, also through its subsidiaries (Softeco Sismat, Selesoft Consulting, Greenled Industry, GreenAsm, GreenAsm, Purify, Wisave, Ant Energy), pursues the objectives of increasing energy production from renewable sources, saving energy and reducing emissions and actively participates in the energy revolution of distributed power generation and smart grids, with innovative digital solutions.

TerniEnergia is the ideal partner for large utilities, distribution operators and network operators, energy producers, public administrations, industrial customers and investors who intend to realize large projects for the production of renewable energy, modern systems and plants with high energy efficiency, solutions for the management and maintenance of infrastructure and electrical installations.

PRESS RELEASE

Terni, March 12, 2018

TerniEnergia has completed its transformation from a leader in the international photovoltaic market into a smart energy company and technological enabler for the sustainable use of resources through a complete commercial offer of solutions, the development and supply of digital technologies and the creation of "intelligent" services and solutions aimed at public and private customers in emerging sectors.
TerniEnergia is listed on the STAR segment of Borsa Italiana.
