

PRESS RELEASE
Terni, July 20, 2017

TERNIENERGY: transferred the 50% of Purify Srl to A.T.P. Srl

- **The agreement with Appalti Tecnologie Progettazione Ambienti & Costruzioni (A.T.P.) has foreseen the acquisition by the engineering company of 50% of the share capital of the SPV recently established by TerniEnergia, through the contribution of the business branch of the groundwater and liquid waste treatment**
- **The transaction has foreseen a consideration for the transfer of Euro 3,425 million, which will be settled in two tranches: by July 2017 for Euro 1.48 million and by July 2019 for Euro 1.94 million**

TerniEnergia, a company listed on the Star segment of Borsa Italiana, **has signed an agreement with Appalti Tecnologie Progettazione Ambienti & Costruzioni Srl (A.T.P.)**, based in Rome, for the **transfer of 50% of the shares** held by TerniEnergia in **Purify Srl**, owner of groundwater and liquid waste treatment plants.

The transaction has foreseen a consideration for the transfer of Euro 3,425 million, which will be settled in two tranches: by July 2017 for Euro 1.48 million and by June 30, 2019 for Euro 1.94 million.

The signed agreement provides for the pledge in favor of TerniEnergia on the shares of Purify Srl acquired by A.T.P., to guarantee the payment of the agreed price.

The transfer of the SPV Purify's shares was subject to a decision on the failure to subscribe to certain ancillary agreements (with ATP and Saceccav, as a contractor for the construction of a liquid waste treatment plant) by last July 15, 2017. The non-fulfillment of this condition has produced the effect of definitively confirm the assignment.

The establishment of Purify Srl and the transfer of 50% of the same SPV to a technology partner as A.T.P. Srl, a company with a consistent track record in the design and construction of water treatment plants, will allow to conclude within the first months of 2018 the construction of the liquid waste treatment plant in Nera Montoro (TR) for a total capacity Of 58,000 cubic meters per year, and to start production phase.

"The transaction responds to the TerniEnergia Group's environmental strategy – stated the CEO of TerniEnergia, eng. Piero Manzoni - which aims to strengthen the industrial management of marginal resource recovery plants, including the strengthening of partnerships and alliances with international investors in the green sector and circular economy sectors".

PRESS RELEASE Terni, July 20, 2017

"The involvement in the construction and in the next phase of managing of a complex and articulated plant like that of Nera Montoro - said the CEO of A.T.P., eng. Pierluigi Ruopoli - represents, for A.T.P. a relevant opportunity, especially in the valorization and refinement of our skills".

This press release is also available on the Company's website: www.ternienergia.com.

TERNIENERGIA (TER.MI), established in September 2005, and part of Italeaf Group, is the first Italian smart energy company, committed to bring worldwide integrated and sustainable energy solutions. Organized into four business lines (Technical services, Energy management, Energy efficiency and Cleantech), with about 400 employees and a geographic presence in almost the continents, with operational and sales offices, TerniEnergia develops solutions, innovative products and services based on digital and industrial technologies for the energy sector.

TerniEnergia, also through its subsidiaries (Softeco Sismat, Selesoft, Greenled Industry, GreenAsm, Wisave, Ant Energy), shall pursue the objectives of increasing energy production from renewable sources, energy efficiency and emissions reduction, as laid down by European environmental policy, and participates actively in the distributed power generation revolution and energy smart grids.

TerniEnergia is the ideal partner for large utilities, distributors and grid operators, power producers, public authorities, industrial customers and investors who intends to carry out large projects for the production of renewable energy plants and modern systems with high energy efficiency, solutions for the management and maintenance of the infrastructure and the electrical systems. TerniEnergia, through a complete technological and commercial offer, develops and provides technologies, turn-key services and solutions for energy consumers in the public and private sectors. The company is listed on the STAR segment of the Italian Stock Exchange.
